

PROPOSAL FOR PE PREMIUM ALLOCATION SPENDING 2016-2017

In April 2013, the Government announced new funding of £150 million for physical education (PE) and sport. This is a ring-fenced lump sum for schools amounting to £9,640 a year for two years. The funding should be used to improve the quality and breadth of PE and sport provision.

As a school we are free to determine how best to use this funding to improve the quality and breadth of our PE and sport provision. 'Inspecting primary school PE and school sport: new funding' briefing document from Ofsted includes examples of effective use of PE and sport funding. With this in mind the following two examples are listed for discussion:

- Procuring quality-assured professional training for staff to raise their confidence and competence in teaching PE and sport
- Buying into existing local sports networks such as school sport partnerships or community sports coaching initiatives

Madeleine Campbell, Partnership Development Manager from Portsmouth School Sport Partnership will work with the new Subject Leader for PE. Together, they will devise a program of CPD to raise standards and improve the quality of teaching.

LANGSTONE JUNIOR SCHOOL SPORTING PRIORITIES:

- Improve PE resources and equipment in hall
- Increase levels of pupil participation in sports during and after school
- Provide high quality coaches to deliver physical education/sports from Years 3 – 6
- Provide high quality training for teachers
- To ensure that our timetable provides the greatest level of access to PE and sports lessons
- To engage and motivate pupils to take part in a wide range of sporting activities
- To ensure the skills of the most able and talented pupils are further developed through external competitive opportunities

LANGSTONE JUNIOR SCHOOL

Total Government Sports Funding = £9,830.00 Additional funding from school = £6260.00 Total spend = £15,900			

Impact from Spending in this Academic Year:

- Specialist sport coaches provided quality of sport provision inspiring individuals to engage with a range of sport activities. There has been an increase in numbers of children who are participating in after school activities. Staff has also benefitted live training that improved their confidence when planning and teaching PE.
- A skills based curriculum has begun to be developed with improved progression across the year groups. This has enabled teachers to improve the quality of teaching. The use of the "Real PE" programme has been cascaded through to year groups providing support to teachers when teaching PE.
- Year 6: 92% can swim 25m (41% before lessons) Those who were not confident in swimming 25m were invited to attend extra lessons over the Easter holidays. In Year 3: 45% can swim 25m (10% before lessons) so will be targeted again in Year 6.
- Improved quality of experiences available to children through a varied and interesting curriculum supported through high quality resources. Outcomes for Athletics was most evident.
